

## MESSAGE TITLE

GATHERING OF THE SHEPHERDS

## MESSAGE DATE

SESSION 5 – FRIDAY SEP 23, 2011 (MORNING W/LADY VERNON))

Lady Vernon will begin with Hello and welcome stuff, and flow on how important it is for pastors and spouses to work together—how ministry is often limited by a lack of chemistry between the pastor and their spouse.

I will jump in and define the different roles of women in the room.

**SCREENS>** Co pastor

**SCREENS>** Equal absolute authority

**(Work here on do they realize what “co” means?)**

**SCREENS>** Assistant pastor

**SCREENS>** First lady

**(Not biblical but rather it started with Jacqueline Kennedy)**

Call her whatever you want—For the health of the church she needs to help you.

Lady Vernon will then explain her role in my life and ministry and how we love it. It's stressful and overwhelming at times as you saw on the video yesterday, but I would not trade it.

I will then speak to the leaders about honoring and making sure the members honor the:

**SCREENS>** Woman of the house

Every woman in here knows no matter who comes and stays with you, there is only one queen.

She is not your sister or your girl, she is the Lady of the house, always honor her title.

**SCREENS>** No Divas

Remember they at least help feed your family. Always love them for that.

Now Lady Vernon is going to run with this when she gets you to herself, I'll just introduce it.

We've been doing this enough years now to put you in categories.

- There are first ladies who hate it.
- There are those who didn't see it coming!
- There are those who, like Lady Vernon, would not trade it and you're good at it—born to do it!

No matter how you feel, you are here.

We will flow from there!!
